

That Feeling

It's about that feeling
That feeling, yeah,
When you can do what you love
When you can be anything you want (2x)

It's that feeling, ooooh
That feeling, that feeling, ooooh

I come from nothing, but I make the most of my day
I started to believe in myself, not listening to no one else
I'm ready for battle, I'm
Ready for change I am
No longer afraid of chasing my dream

And even when life could knock me down
I know I can be stronger
And even when it seems there's no way out
I know I will work harder

It's about that feeling
That feeling, yeah,
When you can do what you love
When you can be anything you want (2x)

It's that feeling, ooooh
That feeling, that feeling, ooh

When I, when I get feeling
Ain't nobody stopping my shine
Got a strong heart but a stronger mind
Cause I was feeling down for a long time

Put your hands to the ceiling
And it's my time to feel the shine
I know i gotta claim it like it's all mine
When you believe it's crazy what you'll find

Oh I open my heart and receive what I need to believe
I can believe what I know I can be

It's about that feeling
That feeling, yeah,
When you can do what you love
When you can be anything you want (2x)

It's that feeling, ooooo
That feeling, that feeling, ooooo
